Reading And Writing

Reading: In reading we learn what good readers do before reading, while reading and after reading. We will also work on different reading strategies like chunky monkey and stretchy snake.

Writing: We are learning to write stories in small parts. We are also learning to use words we know to write words we don't know.

Our Learning

Math-In math we will count on to find missing parts in math problems.

Social Studies: We will start our unit on Wants and Needs. Children will learn the difference between the two.

Science: We will learn about patterns in the sky. We will focus on the moon and the stars. We will also be working on seasons throughout the year.

Phonics

This week we are working on Short vowel i words. Such as bit, sit, kit.

Homework

Each week we will practice a new list of sight words. Sight words are words that kids need to know quickly without sounding them out. This weeks words are:

Then, an, had, could, live,
Last week's words were:
As, by, some, his, of

*½ day on October 3rd

*No school October 8th
