Curriculum Corner:

Math: Engage NY Module 2 **Topic C** Rounding to the Nearest Ten and Hundred; **Topic D** Two- and Three-Digit Measurement Addition Using the Standard Algorithm

Reading Workshop: Nonfiction Reading: Expository Texts

Writing Workshop: Animal Research Informational Writing

Science: Animals Through Time: Habitats, Heredity, & Change over time

FYI:

Some students continue to struggle with the basic facts in math. Subtraction and multiplication/division can be difficult. Please keep reviewing these facts on a daily basis. This is extremely important! Math concepts build on each other, and we are working to build a solid foundation to insure success in the future.

A Message from the Teachers:

Happy New Year to all! We hope you had a relaxing and enjoyable long winter break. The third - grade team is especially eager to get back to school. We have a lot of great things planned for our students in 2018, and we want to make it a year to remember.

Thank you for all that you do for our students. We feel very lucky to have the opportunity to work with you and your children.
