11/23 Happy Thanksgiving

November is the time of giving thanks! As a fifth grade staff, we want to thank all the wonderful students and their families! As Thanksgiving approaches, we would like everyone to take a moment to give thanks for all the amazing gifts you have given! You play a major role in helping your child reach the maximum of his or her potential. Research in the area of child development shown that important learning takes place outside the formal classroom, especially for developing a love of reading and good homework habits. By working together, we believe we can all help your child become the best person possible. Happy Thanksgiving!!!
