# Third Grade Newsletter

## A Note from the Teachers

Wow! Was that the whole month of September that just flew by? It just seems that we had our first day of grade three last week.

We have been really enjoying the time in the classroom getting to know each of the students. They are all so very special and unique individuals. We have a wonderful bunch of kids in third grade!

It has been a busy month for the students and the teachers. We feel as though each day we learn something new and continue to grow.

## Home Connection

Students need to be proficient in immediate recall of addition and subtraction facts to 18. For example:  $3+5$ ,  $8+7$ ,  $12-4$ , etc. Please practice these quick facts with your child.

Skip counting is also great practice and helps in many areas of math.
