Call to order 6:04 pm

- Funding Requests 6:06 pm

- 1st Grade - Science website (similar to Bill Nye the Science Guy) with videos/ lesson plans and activities. Videos can be imbedded into Google classroom. Geared towards Next Generation Science Standards - 1 yr subscription for entire school. Not really something that would be worthwhile outside of current remote/ hybrid situation. Voted and passed pending final administration approval.

- Treasurer's Report & Comments: 6:17 pm

- Partnering with Consentino for restaurant night: they don't have their own non-profit ID number and wanted to partner with us for that. Possibly Panera Bread - Voted with the caveat of it being a one time thing: 5 out of 7 yeses.

- Fun Run Update 6:22 pm

- Kick-off this week. Mrs Murphy asked if the teachers needed to do anything or be aware of anything and PTO confirmed that teachers do not need to do anything.

- Request for ideas for social distance activities: 6:32 pm
 - Update on RLA kids gtg: Currently on hold. Tents were removed and logistics are tricky.
- Silver Graphics update - 6:35 pm
 - Finished collecting all the artwork, but not a lot of cohesion/theme so we'll encourage everyone to upload their own stuff. Will upload the Silver Hill logo so you can order Jag Swag. 11/18 is when website opens to anyone uploading - guaranteed shipping by Christmas if ordered 11/23.
- Administration Update - 6:40 pm
 - Mr. Parker - raised concerns regarding Science website: how best to get the information out to the staff so they can use it. Resolution: Amy will be point person.
 - Survey/Feedback for teacherpayteachers or best way for PTO to support the teachers still pending.
