

Silver Hill Elementary PTO Meeting

Monday December 13, 2021

Amy Nazzaro – President/Secretary

Call to order 6:00 pm

Assistant Principal/Principal report

- Covid numbers are spiking in the area. We had 6 positive cases in our school this week, with possibly an additional 18 people out due to close contact. Highly recommend signing kids up for pool testing, the school has a permission form (can also be found online).
- Ongoing bus issues. Many buses have been running really late due to there not being enough drivers. Some buses have had to double up on their routes, so they run their typical route then return to the school to pick up another route. A question was asked about the buses having trackers that show parents in real time where their child's bus is. There are cameras on the buses, but no trackers as of now. Additionally, the cameras are not always functioning. There has also been an issue with buses returning to the school to return children who did not have an adult waiting at the bus stop.

Treasurer's Report

- Lollipop sales are doing really well.
- School store is doing good, still haven't earned enough to offset what we spent on merchandise, but it will improve.
- Restaurant night at D'Empanadas went well. They initially offered 10% of their sales for the day, but then donated additional money to the PTO for a total of \$150.00.
- Not much outgoing money at the moment, except for school store and lollipop stock replenishment. This month, we also purchased wrapping supplies for the school's holiday drive.

Funding Requests

No staff present with funding requests.

Upcoming Events

- Holiday Shoppe for the kids on Tuesday December 14, during their specials periods.
- Next restaurant day/night at Athens Pizza on December 15. Will run all day.

Important Announcements

- A group of parents is forming to push for Consentino to be rebuilt. Jeni Lu will be reaching out and creating a dedicated Facebook page.
- The school nurse is in need of comfy pants in all sizes, for both genders. New packaged underpants are needed as well.
- Silver Graphics items were delivered to the school today, and will be distributed this week.
- Silver Hill shirts and gear have been ordered. The company can fulfill the shirts, but still has to wait for the sweatshirts and pajama pants to come in from their vendor. There continues to be a national supply issue.

Meeting adjourned at 6:30 pm

Next meeting on Monday January 10, 2022 at 6 pm via Zoom
